**Body** Hi! You probably already know this, but you can DEACTIVATE your facebook rather than delete and I think you will still be able to use Facebook Messenger. You may not want that, but Messenger is a good way that we patriots can share info and links whether they be the latest news or rumors. Ha ha. Anyhow, I have oodles of friends who use messenger and do not play the facebook game and messenger works even when they have been suspended by the facebook thought police. If you like I can also turn you on to some ENCRYPTED text message services which cost nothing and some email that likewise is encrypted and no cost. We would dearly love to stay in touch with you without the nazis punishing either you or us for anything we try to share. Sharon and I were in D.C. as you must know and while not in the VERY thick of it, we were in the middle of some heavy stuff. We are, of course, both o.k. and we are planning for the worst and have been for awhile. More on that through secure comms. We are patriots and we are aligned with others. Welcome to the fight. Keep the faith. Strength and Honor. Tom

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

**Body** Please read 28th amendment

Please Read, and forward. This will only take 1 minute to read!  
28th Amendment, 35 States and Counting.

It will take you less than a minute to read this. If you agree, please pass it on. It's an idea whose time has come to deal with this self-serving situation:

OUR PRESENT SITUATION !

Children of Congress members do not have to pay back their college student loans.

Staffers of Congress family members are also exempt from having to pay back student loans.

Members of Congress can retire at full pay after only one term.

Members of Congress have exempted themselves from many of the laws they have passed, under which ordinary citizens must live. For example, they are exempt from any fear of prosecution for sexual harassment.

And as the latest example, they have exempted themselves from Healthcare Reform, in all of its aspects.

We must not tolerate an elite class of such people, elected as public servants and then putting themselves above the law.

I truly don't care if they are Democrat, Republican, Independent, or whatever. The self-serving must stop.

Governors of 35 states have filed suit against the Federal Government for imposing unlawful burdens upon their states. It only takes 38 (of the 50) States to convene a Constitutional Convention.

IF???

Each person that receives this will forward it on to 20 people, in three days most people in The United States of America will have the message.

Proposed 28th Amendment to the United States Constitution:

"Congress shall make no law that applies to the citizens of the United States that does not apply equally to the Senators and/or Representatives; and, Congress shall make no law that applies to the Senators and/or Representatives that does not apply equally to the Citizens of the United States ..."

You are one of my 20.

This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

And now Amazon is going to shut down the servers that parlor uses sometime this afternoon. Amazon made this decision last night around midnight. This is unfucking real ...

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

Dear Vice President Biden,  
Although I refused to listen to it, I understand that during your presidential acceptance speech, you were calling for the unity of Trump supporters.

I remember four years ago my President Trump also called for unity. I remember how Congressional members of your Democratic Party responded by boycotting his inauguration. I remember how you and your Democratic party cheated and used the greatest law enforcement institution of this country to spy on my President Trump's campaign. I remember how you and your Democratic Party created a fake Russian dossier to try and impeach my President Trump. I remember how your speaker of the house ripped up my President Trump's beautiful State of the Union speech on National TV. I remember how you and your Democratic Party tried to impeach my President Trump over a Ukraine phone call. You accused my President Trump of pay to play. Come to find out Joe, it was really you and your son Hunter.

I remember how you and your Democratic Party blamed my President Trump over a pandemic that he had nothing to do with. I remember how you and your Democratic Party encouraged rioting and looting of my great United States of America. I remember how you and your Democratic Party used the media to spread lie after lie about my President Trump. I remember how you and your Democratic Party stole the election from my President Trump. This Trump supporter remembers all that Joe, and will NOT be unifying with your Democratic Party. Your abject criminal dishonesty is treasonous. You belong in prison along with the rest of the Swamp.

Ted Nugent

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018

1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them.
2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose.
3. Congress must purchase their own retirement plan, just as ALL Americans do.
4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%.
5. Congress loses their current health care system and participates in the same health care system as the American people.
6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!).
7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!!

Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

**Body** If you call a little wilder, being jailed for speaking your opinion, having only one political party, ramped up brainwashing of our children, quadrupling of your taxes, overnight taking of all the monies you have in the bank, elimination of currency as they go to bitcoin, mandatory housing of illegals in YOUR home, the government taking over every industry, the government rationing everything you can buy, them determining what you can drive and collection of all older vehicles because they don't meet clean air standards, govt health care where for example Sharon would have had to wait 6 months for the surgery she got today which saved her eye, the govt requiring you to get special permission and show appropriate papers to pass between States, being placed on a no-fly list if you have ever voted other than Democrat, being forcibly microchipped to track you and send messages to your brain otherwise you will be placed under arrest for the safety of the public, being refused permission to get a license renewal or a passport unless you pay off an official, not to mention mandatory gun confiscation (remember Ruby Ridge where the FBI shot and killed a woman holding her infant child), letting in terrorists and giving them free health care and spending money while you pay and work for yours, being attacked on the street, in your car or IN YOUR HOME simply for being white, a "LITTLE WILDER RIDE", I give you the Gold Medal for understatement. All of these things they WILL do. No one other than the National Socialist candidate will EVER get elected to anything. They will get around to the death camps. They already exist. This is the Gulag Archipelago by Alexander Solzhenitsyn. This is 1984 by George Orwell. It is here. Every day we fail to take them out with extreme prejudice we dig our own graves and the graves of those we love.

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

I cannot believe that people are so narrow minded that they take a personal (for what ever reason) hatred against a man that is literally trying to tell America "YOU ARE BEING FUCKED OVER". It's sad. It's sad for everyone. It's sad for my son. It's sad for everyone that will ever have to live under this bullshit system

Mother fuckers will have to pay me blow me or sign a fucking contract for me to vote again. If shit gets to bad I'll sell out and move so far up in the hills they will never find me. I know how to live off the land in any environment!

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

**Body** Please read 28th amendment

Please Read, and forward. This will only take 1 minute to read!  
28th Amendment, 35 States and Counting.

It will take you less than a minute to read this. If you agree, please pass it on. It's an idea whose time has come to deal with this self-serving situation:

OUR PRESENT SITUATION !

Children of Congress members do not have to pay back their college student loans.

Staffers of Congress family members are also exempt from having to pay back student loans.

Members of Congress can retire at full pay after only one term.

Members of Congress have exempted themselves from many of the laws they have passed, under which ordinary citizens must live. For example, they are exempt from any fear of prosecution for sexual harassment.

And as the latest example, they have exempted themselves from Healthcare Reform, in all of its aspects.

We must not tolerate an elite class of such people, elected as public servants and then putting themselves above the law.

I truly don't care if they are Democrat, Republican, Independent, or whatever. The self-serving must stop.

Governors of 35 states have filed suit against the Federal Government for imposing unlawful burdens upon their states. It

only takes 38 (of the 50) States to convene a Constitutional Convention.

IF???

Each person that receives this will forward it on to 20 people, in three days most people in The United States of America will have the message.

Proposed 28th Amendment to the United States Constitution:

"Congress shall make no law that applies to the citizens of the United States that does not apply equally to the Senators and/or Representatives; and, Congress shall make no law that applies to the Senators and/or Representatives that does not apply equally to the Citizens of the United States ..."

You are one of my 20.

6:26 PM

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party.

The TRUMP Rules: Congressional Reform Act of 2017

1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them.
2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose.
3. Congress must purchase their own retirement plan, just as ALL Americans do.
4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%.
5. Congress loses their current health care system and participates in the same health care system as the American people.
6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!).
7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves.

Serving in Congress is an honor and privledge NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies.

Just hold your finger down then hit forward and send it to everyone you know.

**Body** So great! Merry Christmas, bro! I am figuring that the post office will not deliver your gifts on time. Hell, one of them has been sitting at a postal facility in North Carolina for 2 fucking weeks! Anyhow, you are not forgotten and we are very proud of you! They'll get there eventually. Which reminds me of a joke: [REDACTED]

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

**Body** Very informative and great photos. Glad you're ok, thanks for participating. A few guys from my local tavern hang out went down also. Their stories match yours. Of course they didn't have the intelligence data you had. It's going to be a tough 4 years. Maybe midterms will get us the House. Hopefully packing the Supreme Court will fail.

President Trump is asking everyone to forward this email to a minimum of 20 people, and to ask each of those to do likewise. In three days, most people in the United States will have the message. This is an idea that should be passed around, regardless of political party. The TRUMP Rules: Congressional Reform Act of 2018 1. No Tenure / No Pension. A Congressman/woman collects a salary while in office and receives no pay when they're out of office. And, no more perks go with them. 2. Congress (past, present, & future) participates in Social Security. All funds in the Congressional retirement fund move to the Social Security system immediately. All future funds flow into the Social Security system, and Congress participates with the American people. It may not be used for any other purpose. 3. Congress must purchase their own retirement plan, just as ALL Americans do. 4. Congress will no longer vote themselves a pay raise. Congressional pay will rise by the lower of CPI or 3%. 5. Congress loses their current health care system and participates in the same health care system as the American people. 6. Congress must equally abide by all laws they impose on the American people (i.e. NO MORE INSIDER TRADING!!!). 7. All contracts with past and present Congressmen/women are void. The American people did not make this contract with Congressmen/women. Congress made all these contracts by and for themselves. Serving in Congress is an honor and privilege NOT a career. The Founding Fathers envisioned citizen legislators should serve their term(s), then go home and go back to work ... not get all kinds of freebies. NO WONDER THEY'RE FIGHTING EVERYTHING HE TRIES! Pass it on!!!! Let's help TRUMP drain the swamp!! Just hold your finger down then hit forward and send it to everyone you know. Let's help trump get the country straightened out.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

Let this sink in for a min!

Every American should be very afraid right now!

Now would be a good time to have a plan put in place with your family....thank you, to all those who voted for evil and communism!

BREAKING: Chinese President Xi Jinping has offered to send 250,000 'peacekeepers' to Washington DC to ensure a 'peaceful transition' to the Biden presidency amid US Capitol building riots.

250,000 is not a peacekeeping mission... That's called a calculated invasion.

Dear Vice President Biden,  
Although I refused to listen to it, I understand that during your presidential acceptance speech, you were calling for the unity of Trump supporters.

I remember four years ago my President Trump also called for unity. I remember how Congressional members of your Democratic Party responded by boycotting his inauguration. I remember how you and your Democratic party cheated and used the greatest law enforcement institution of this country to spy on my President Trump's campaign. I remember how you and your Democratic Party created a fake Russian dossier to try and impeach my President Trump. I remember how your speaker of the house ripped up my President Trump's beautiful State of the Union speech on National TV. I remember how you and your Democratic Party tried to impeach my President Trump over a Ukraine phone call. You accused my President Trump of pay to play. Come to find out Joe, it was really you and your son Hunter.

I remember how you and your Democratic Party blamed my President Trump over a pandemic that he had nothing to do with. I remember how you and your Democratic Party encouraged rioting and looting of my great United States of America. I remember how you and your Democratic Party used the media to spread lie after lie about my President Trump. I remember how you and your Democratic Party stole the election from my President Trump. This Trump supporter remembers all that Joe, and will NOT be unifying with your Democratic Party. Your abject criminal dishonesty is treasonous. You belong in prison along with the rest of the Swamp.

Ted Nugent
